# Crime Prevention Through Environmental Design

## *CPTED*

**THE PALM DESERT SHERIFF'S DEPT. IS COMMITTED TO KEEPING OUR RESIDENTS SAFE.**

Crime Prevention Through Environmental Design (CPTED) is used for residents to familiarize themselves with the guidelines of environmental crime prevention. These CPTED guidelines are applied to reduce the fear and incidence of crime and improve the quality of life. Certified Palm Desert Sheriff Personnel will conduct an inspection for homes in an effort to work together with the community to reduce opportunities for crime to occur. The inspection will consist of the review of locks, lighting, shrubbery and landscaping, windows, and alarm systems. Suggestions made may not guarantee prevention of criminal activity.

If your interested in having a CPTED completed at your residence, please fill out the form below and return it to 73-705 Gerald Ford Dr. Palm Desert, CA 92211.
